THE QUEEN'S BIRTHDAY.

On Sunday the 24th May, Our Most Gracious Lady Queen Victoria attained Her seventy-second birthday, and for fifty-four years has been our reigning sovereign. For fifty-four years she has swayed the sceptre, and ruled the lands over whose flag the sun never sets. For fifty-four years has she seen Her possessions increase, new territories being added, undeveloped countries developed, and the natives of lately acquired possessions, accepting Her law and acknowledging Her as Queen. For fifty-four years has she watched the rise and fall of nations, the advantages and disadvantages under which they labor. For fifty-four years has she in person opened the British House of Parliament advising, operating and co-operating with the peers of Her realm, and to-day pre eminent among the nations of the world, she beholds her subjects loyal to a man celebrating the day of Her nativity. The illustrious 54th falling on Sunday, Monday the 25th was observed by us Her loyal subjects residing in Prince Albert (named after H. R. H. the Prince Consort) with due deference loyalty and respect. The stores were closed, flags were flying and cricket, lacrosse and base ball matches were the order of the day. A very fine game of base ball was played in the afternoon at the west end, in which some excellent play was shown, while cricket and lacrosse were played in the centre of the town. The lacrosseists were a combination of Police and civilians, the winning team being the one mainly composed of police. The cricket match was between the Prince Albert club and F Division club, and was probably one of the best games ever played in the town. The fielding of both teams could hardly be better, while the bowling and batting, especially in the first innings, was excellent. In the second innings the police boys were rather unfortunate. Losing one of their best men at the start seemingly knocked the interest out of them, as player after player was retired with little or no score to his credit. "Kicking," in any game we dislike, particularly in cricket; where an umpire's decision is always considered final, and to that more than anything else we attribute the defeat of the police boys in this innings. While the batting of many of the players was excellent, to Mr L. J. Clarke was accorded the

honors of the day—he making ten in the first and thirty-nine and not out in the second innings. The following are the players and their scores:—

In the evening the N. W. M. P. club invited several members of the city cricket and lacrosse clubs, and a few leading citizens among whom were noticed Mr. Stewart of the H. B. Co., and Mr. Maveety of THE TIMES, Messrs. McCall, Ross, McNab and others. After the really excellent dinner was discussed Mr. Webster, by request, presided in his usual happy manner. Loyal and patriotic toasts were given and also songs and recitations by the following gentlemen of the Force were most excellently rendered and applauded: Messrs. Allen, Donaldson, Conway, Oakden, Tessier, Welsh, Walton and the chairman. Speeches of a humorous nature were made by Messrs. Maveety, Stewart, Webster, Woodward and Mr. Pollock, the genial proprietor of the Leland, who gave his experience as an "old timer." The evening was spent in a manner known only to the "Riders of the plains," and exactly at "last post" the proceedings wound up by the singing of the national anthem.

Messrs. Newlands and MacIse went to Saskatoon by Monday's train, returning Tuesday evening.

R. G. Congdon has completed the plastering on Mr. Young's house. It is a first-class job.

The Immigration Committee are having some 5,000 pamphlets printed for distribution along the main line.

Sergt. Major Hines arrived here last week from Regina to replace Sergt. Major Wyld, who had been transferred to Calgary. The Sergt. Major is an old timer in Prince Albert, and we gladly welcome him back.

Mayor Johnson has received a telegram from A. R. Rode, Dominion Immigration Agent, saying that he, with twenty delegates from Dakota, would arrive in Prince Albert by Saturday evening's train. The Immigration Committee are making arrangements to show them the many advantages of our district. The committee are deserving of the highest praise for the zeal displayed in looking after the interests of our town and country.

WEDNESDAY, MAY 27, 1891.

The opening of a fast direct route
between Canada and Asia, besides
drawing an enormous trade in transit
to Europe, will also enable us to do
direct trading for ourselves. The
Canadian Journal of Fabrics records
the interesting fact of the establish-
ment in Canada of agencies for a
China and Japan company dealing
in silks, furs, tea, coffee and other
Asiatic produce. Hitherto this
trade has been done through Lon-
don, but henceforth it will be done
more and more by direct importa-
tions. Instead of coming from the
east, goods we have termed "Oriental"
will come to Canada round the
world from the west, the shorter
way.

The news from Newfoundland is
rather disquieting. It seems that
the previous report of the Island
Legislature being willing to pass the
measure desired by the British Gov-
ernment was premature, and that
the chances of its being acquiesced
in and relieving a strained situation
are not very encouraging. In fact
the despatches indicates its rejection
by the Legislature. It appears,
also, that Hon. Robert Bond, the
Colonial Secretary and leader of the
Government during the absence in
England of Sir William Whiteway,
is not acting the part of a peace-
maker. The outcome, therefore,
cannot be predicted with any ap-
proach to accuracy.

DAKOTA DELEGATION.

The Dakota delegation representing
the drought stricken district of North
Dakota arrived in Prince Albert on
Saturday last, and have since spent their
time in driving over the district adjacent
to Prince Albert. At present writing
they are visiting the country about the
Michinas Hill, near Major Hoey's farm.
The Immigration Committee have them
in charge and the delegates are loud in
their praises of its members for their
kindness in looking to their wants thus
far. In conversation with several of the
gentlemen composing the delegation, a
representative of the *Times* was
informed that the visitors are more than
pleased with all they have seen of our
magnificent district and express the
opinion that a large number of families
will come to live with us in consequence
of their visit to Prince Albert. The
delegation is in charge of Agent Capt.

Geo. P. Bliss, a well-known Winnipeg
gentleman. Their trip has extended to
the following districts: Calgary, Red
Deer and Poplar Grove, Regina, Prince
Albert. From this place they will visit
Indian Head, inspecting the Government
Farm, thence to Whitewood, Yorkton
and Minnedosa, from the latter place
they drive to Brandon to inspect the
Government Farm located there, and
returning to Regina via Winnipeg, will
drive to the districts represented by
them in North Dakota. Immediately
upon returning, the Delegates will re-
port on localities they have visited when
the transfer of settlers will begin.

**REPORT OF THE DELEGA-
TION.**

We the undersigned composing a dele-
gation of farmers from the Counties of
Griggs and Steele, in the State of North
Dakota, the district of Rainy River and
Renfrew County, Ontario, state that we
have visited and carefully examined and
inspected the country adjacent to the
Town of Prince Albert, Saskatchewan,
and find it a very much superior district
for mixed farming purposes than any
other district we have hitherto inspected,
and we would recommend to all intend-
ing settlers the advisability of inspecting
the Prince Albert district before locating
elsewhere. The soil is of first quality,
with an abundance of good wood suffi-
cient for all building and fuel purposes,
plenty of excellent water and good hay
lands, and at the time of our visit crops
throughout the settlement were in fair
condition. Signed, E. W. McRea, G.
Gudmundsen, Wm. Howden, Coopers
town, North Dak.; P. Helland, E. Olsen,

TWO BEAUTIFUL YOUNG GIRLS.

Newport is to have a sensation this
summer.

It is authentically stated that the
beautiful and celebrated daughters of
Lord Dufferin, Beatrice and Adelaide,
are to grace this famous resort with their
presence this coming season.

It will be remembered that Beatrice's
beautiful dark eyes have played havoc
lately with the heart of Albert, the eldest
son of the Prince of Wales. What it
will amount to is as yet a matter of con-
jecture in England. The young ladies
are acknowledged to be the most beau-
tiful in all Europe, and there will be not a
little excitement in the hearts of our
American belles over their coming. They
are exquisite dressers, and their costumes
will be marvels of curiosity. Unlike
most ladies, they know exactly what is
suited to them. Some time ago they
sent for the chief designer of the Paris
house of the New York and Paris *Young
Ladies' Fashion Bazaar*, and selected
forty costumes each, the cost of which
will amount to thousands of pounds.

Through the courtesy of these young
ladies we have been permitted to copy
for the New York and Paris *Young
Ladies' Fashion Bazaar* two of their
most exquisite costumes, which appear as
figures 3 and 4 on the colored plates of
the June number of this magazine, just
out, and for which the publisher has
issued, in the name of the American
ladies, a card of thanks. It is rumored
that the prince may follow the young
ladies to Newport this summer. The
New York and Paris *Young Ladies' Fashion
Bazaar* has the exclusive right
to publish each month at least one or
more of the costumes in which the ladies
Beatrice and Adelaide will appear.

GENERAL NEWS

Ottawa, May 21.—Meadowall introduced a bill to-day to incorporate the Buffalo Lake & Battleford Railway and Coal Co., which was read a first time.

Port Arthur, May 21.—The full returns are now in. Macdonell has 198 majority in Eastern Algoma and 227 in the western division; total 425, or the largest polled for some years for a Conservative candidate.

R. B. Angus and Duncan McIntyre have purchased 25 tickets in the Grand Derby sweep, and have presented them to St. Andrew's Home.

Rome, May 21.—The Pope has refused the Italian subsidy for his support and the Clericals will, it is understood, abstain from any share in the Italian municipal elections.

Lisbon, May 21.—Senor Deserka Pimental has failed to form a cabinet. The king will confer with General Desousa,

the present minister of war, on the same subject.

Montreal, May 21.—The steamer Empress of India arrived at Yokohama yesterday.

Toronto, May 21.—Diphtheria is raging in the counties of Huron and Bruce.

Northwest Land shares are quoted to-day at 76 and 75.

London, May 21.—The Rothschilds will to-morrow send bullion to the value of one million pounds to Russia. So strong is the effect of the influx of gold in weakening discount rates that the importation of bullion is likely to be checked.

Minneapolis, May 21.—A disastrous lumber yard fire has been burning since three o'clock this morning. The entire lumber stock of J. W. Day & Co., aggregating nineteen million feet, has been destroyed, entailing a loss of \$228,000. The sawmill was saved, and the entire fire department has been engaged in confining the flames to the yard and with every prospect of success, although there has been a high wind and the yard is in the centre of the lumber district; insurance \$112,000.

London, May 21.—A Lisbon dispatch just received reports the financial condition growing worse by reason of the disappearance of small notes from circulation and the appearances of notes of larger denomination in their places. It is difficult to change money, and money changers are advertising for silver and gold.

Berlin, May 21.—The Kreuz Zeitung says that Germany and Russia are arranging a commercial and political agreement on the basis of a diminution of the corn duties.

Winnipeg, May 21.—Col. Taylor, commandant of the School of Infantry, was seized with a fit of apoplexy while heading the troops on a march out Wednesday afternoon which terminated fatally. The soldiers were in the vicinity of Brookside, when the colonel felt a dizziness, and quickly dismounted. He was seized with a fit of apoplexy. Such restoratives as were at hand were applied, and a messenger dispatched to town for a vehicle to convey him to the barracks, where all that medical skill could do was done. The colonel gradually failed during the night, and at about 6:30 next morning passed away.

St. Petersburg, May 21.—A party of scientists have left Samarcand to explore Bokhara and Kafiristan—at least that is the official version of their errand. The real purpose of the expedition is believed a political one. The Czar covets the rich and feebly governed region to the southwest of Samarcand, and there can hardly be a doubt that it will eventually fall into his hands. The present expedition is probably intended to furnish more trustworthy and accurate information than is now available in regard to those remote and little explored countries.

ARRIVAL OF PRISONERS.

Kingston Whig:—The station loungers were given a treat yesterday afternoon, as passengers from the K. & P. R.R. evening express were disembarking, in the shape of a prolonged stare at a party of convicts, transferred to our penitentiary from the Manitoba penitentiary. Two of the number were men, who will be confined in the criminal insane wing; the remaining one was May Billington, recently sentenced at Winnipeg. All three were about as tough looking creatures as it would be possible to scare up. In charge of the prisoners was guard D. G. Sutherland, of the Manitoba penitentiary, and a veteran of the North West rebellion as well, for on the bosom of his military tunic was a bright silver medal, which, with the crossbelt and helmet, gave him quite a military air. Then the tall soldierly figure of Hospital Overseer Bourke loomed up as he arose in the railway car to glance at the surroundings. In conversation with the scribe he spoke of the exceedingly courteous treatment he and Guard Sutherland met with at the hands of the C. P. R. which had greatly lightened the necessary nervous wear and tear of the trip caused by the disorderly conduct of the two insane men at times while on the train. Both gentlemen will remain in the city for several days.

The steamer Josie is now finished, and under the supervision of D. Shannon, the defective boiler has been repaired in a highly satisfactory manner, and tested to 130 (p. w. p.). She was safely launched on the 4th of May, and immediately proceeded to Moore & Macdonald's mill and removed a sandbar which prevented getting logs to the slide. On Thursday next she leaves for shell river to clear the mouth of that stream, the proprietors of both lumber mills getting this work done. Capt. Deacon is well satisfied that the tug can do anything that a thirty-five power boat can do, providing there is enough water.
